Person Nominated: Bob Baltazar

Building: DSC

Department/Job: Warehouse Services

Nominated by: Karen/Greg

Date: 9-3-10

Administrators' Signature: _____

I think this person should be considered for District Employee of the Month because:

Bob always responds with a cheerful 'yes' whenever he is asked to do something, even if that 'something' doesn't fall within the scope of his normal duties. If something needs to be done we can always count on Bob to take care of it.

Bob also takes the initiative to jump in and take care of things, without being asked to do so, even if the task is not within the scope of his normal duties. Some equipment arrived at the DSC for the Special Education department, and Bob jumped in and offered to put the equipment carts together.

He is always available to help out, he is always cheerful doing the tasks he is asked to do, and goes above and beyond his job duties. We appreciate all the Bob does to support the staff and the students of Re-3.
