

Working With Children

Interested in a career working with children such as psychologist, social worker, or teacher?

Then plan to take Working With Children next year!

Working With Children is a course that has potential for earning college credit and for allowing opportunities for experience to begin a career working with children ages birth through age eight.

Working with Children enables you to receive actual experience working with kids! Students are placed at Sherman Early Childhood Center or one of the various elementary schools.

When registering, input 10610- for 1st semester and 10611 for 2nd semester.

You are invited to an informational meeting during first and second lunch in the auditorium on February 12th.

See Mrs. Pope if you have any questions!
